

Musical Achievement 2021 - Cello Schedule

Musical Achievement is a time when students perform a selection of pieces for faculty and guest musicians and receive feedback as a capstone to the academic year.

Musical Achievement performances will occur in assigned time slots *in addition to* your regular lesson the week of May 3. Each student will be assigned a time slot either in-person, or online via Zoom, based on your original election for group class for Winter 2021.

Students are asked to stay for the full duration of their assigned slot and observe their fellow students. The value in this experience is not just preparing and performing, but in learning from seeing peers play as well. One key principle in the Suzuki method is that children learn from each other.
