

Violin Mini Recital Schedule – Fall 2019

Because performing with an accompanist is such a vital part of a string player’s development, we have added Mini-Recitals adjacent to each string group class. Students will be able to rehearse and perform a solo with an accompanist three times a semester as well as be inspired by other student performances.

Each student is assigned to a group that rotates through rehearsing with the pianist during group class one week and performing on a Mini Recital the following week. Students are expected to stay for the duration of their assigned Mini-Recital to support their peers. If you are absent on the day of your assigned Mini Recital or rehearsal, you forfeit the opportunity.
